Iowa Central Community College is pleased to host the 2009 IACCT Conference. The conference is being held on the campus of Iowa Central in the new Biotechnology and Health Science Center. The Starlite Village Best Western, just minutes away from campus, is where attendees will be staying during their visit to Fort Dodge. Fort Dodge is nestled in the gently rolling hills of the Des Moines River Valley. This progressive community has evolved into a regional center for manufacturing, transportation, retail and healthcare industries.
